

# AMS.... Building a Better Future for Agribusiness

## FOOD. FUEL.

### LIFELINE FOODS

**FUELING AMERICA.  
FEEDING THE WORLD.**

Snack Meal, Medium Meals, Gov. Meal, and Other Prime Products

High Oil Content Corn Germ

Corn Bran as Solid Fuel to Gasification

Low Grade Starch / Corn Flour to Fermentation

#### EFFICIENT:

Lifeline Foods was designed to utilize the synergies between food and fuel production. Lifeline's flexibility allows for maximum profitability in ever changing market conditions, as well as provides satisfaction that they are doing their role in not only feeding the world, but fueling America.

#### A PEEK INSIDE:

Lifeline's 80,000 bu/day fractionation facility was commissioned in 2007. The fractionation process design is Applied Milling Systems and the ethanol plant design and technology is by ICM.
